#### Lip Balm Flavours

Add a bit of flavour to your lip balms, lip butters and lip glosses with these unsweetened flavoured oils.

Not every oil listed here is 100% natural, but they have not been tested on animals and where possible, natural flavours have been blended with nature-identical flavourings.

They are very concentrated and a small amount goes a very long way so, as a guide, use around 1% (that's 1ml for every 100ml).

They are presented in amber glass bottles complete with handy dropper for ease of use. Price each is £1.25 10ml (inclusive - no extra VAT charges).

A little tip, the peppermint flavour oil is 100% natural and can be used to fragrance soaps, lotions and other formulations as well as being useful in aromatherapeutic treatments.
